

HEAVY DUTY CLEANER

Concentrated Butyl Cleaner

No. 805

DESCRIPTION:

Heavy Duty Cleaner is a versatile, safe to use, highly concentrated cleaner/degreaser designed for industrial, automotive and commercial applications. It does not leave a strong solvent odor and is not harmful to surfaces being cleaned. **Heavy Duty Cleaner** can be diluted up to 40 to 1 with water depending on the job. This product can be applied with brush, mop, or spray, and is ideal for use in high pressure or steam cleaning equipment.

Heavy Duty Cleaner is formulated using a unique blend of detergents, emulsifiers, wetting agents and penetrants. It also contains a corrosion inhibitor to provide safe cleaning on metal surfaces. This product can be sprayed on and wiped off without rinsing.

FEATURES:

- **Biodegradable** - contains no harmful solvents such as carbon tetrachloride or trichlorethlene
- **Emulsifies Soils** - Picks up greasy soils and holds them in suspension so they can easily be wiped or rinsed away
- **Strong degreasing action** - Heavy Duty Cleaner's fast emulsifying cleaning action penetrates grime for quick cleaning.
- **Economical** - Highly concentrated, can be diluted with water up to 40 to 1

TYPICAL APPLICATIONS:

Heavy Duty Cleaner is excellent for cleaning of oils, greases, vegetable oils, animal fats and heavily soiled surfaces. This product will quickly penetrate to lift off dirt and stains including:

Greases and Oils	Vegetable Oils & Fats	Animal Fats
Smoke Film	Carbon & Soot	Waxes
Food Stains	Pencil Marks	Finger Prints
Lipstick & Crayon	Heel Marks	Soap Scum

Can be used on the following surfaces:

Formica	Metals	Finished Woods
Ceramic Tile	Vinyl	Printing Rollers
Glass	Concrete	Stone
Exhaust Hoods	Industrial Equipment	Engines

And most other applications requiring a concentrated, heavy duty cleaner

DIRECTIONS FOR USE:

Can be used full strength as a heavy-duty degreaser or can be diluted with water up to 40 parts of water to one part Heavy Duty Cleaner.

PRECAUTIONS:

While **Heavy Duty Cleaner** is generally harmless to most surfaces, **strong solutions** may slightly discolor mirror finish aluminum or some painted surfaces. This product is aggressive to rubber, thus its excellent tire cleaning ability, however, strong solutions should be used with caution on sensitive rubber surfaces.

TYPICAL SPECIFICATIONS:

Form: Liquid
Odor: Mild, Sweet
Color: Blue
Toxicity: Non-Toxic
Freezing Point: 32°F

Flash Point: None
Boiling Point: 212°F
Solubility on Water: 100%
Shelf Life: One Year
Biodegradability: Yes
